# MASTER CLASS

L'ACADÉMIE  
DU TRANCHET

## DESIGN YOUR OWN PAIR OF LUXURY SNEAKERS

### **For the private individuals who love the high end of the market**

It is within the Atelier du Tranchet, craftsman bootmaker in the 19th district in Paris, that Christophe Corthay, hybrid companion without limit, transmits his know-how to you in order to apprehend the techniques of the traditional boot making...

But here, tradition and old-fashionedness do not go hand in hand because there is a manufacturing secret that is very much in the air of time that he will pass on to you: the design of your pair of bespoke luxury sneakers.

### **For professionals: perfecting techniques**

We also offer an advanced master class for experienced professionals on bespoke shoes.

Through seven à la carte modules, from the creation of the model to its assembly and customization, you will be able to create a pair of luxury sneakers or shoes in your image, the one you have been looking for a long time, without ever finding the ideal combination between line, colors, materials and comfort...

## PRESENTATION OF THE PROGRAM

The Tranchet Academy's master class offers, for beginners, a training in seven modules:

### **Pattern making**

Cardboard paper method on form or taped method: know how to draw the different parts of the stem.

### **The choice of leathers and materials**

How to choose and recognize materials adapted to the sneaker/shoe.

### **Cutting**

Learn how to cut all the pieces of the pattern on the chosen material. First steps in the mastery of the cutter.

### **Stitching**

Preparation of the pieces to be assembled on the sewing machine and stitching (second step in the mastery of the cutter with the hand trimming).

### **Mounting**

with the stapler, assembly of the stem on form with interior reinforcements.

### **Assembling**

Finishing and basic soles, gluing of synthetic materials for the sole.

### **The art of personalization**

Patinas, drawings, colorations, use of dyes:  
GO FOR COLORS!

For professionals or confirmed, these modules can be adapted, and others proposed on demand.

## WHO IS THE MASTER CLASS FOR?

It is for everyone, passionate about sneakers and bespoke shoes, in a personal or professional objective.

## The objectives at the end of the master class

To understand the seven fundamental technical steps for the realization of its **luxury sneakers** or **bespoke shoes**. To allow each participant to realize his creations independently and thus give free rein to his imagination.

## Methods

The lessons are given in our workshop located on Boulevard Mac Donald in the 19th district of Paris, which is duly equipped and respects the quality and safety standards in force.

The master class can accommodate up to three students at the same time.

All materials for making sneakers and shoes are provided (excluding exotic skins).

A list of the tools necessary to follow the master class will be delivered at the registration as well as the addresses of the suppliers.

## Prices

### TRAINING FOR THE GENERAL PUBLIC / INDIVIDUALS

Master class followed at the Atelier du Tranchet

1.500 € per module

Duration of each module: 18h, spread over 3 days.

### TRAINING FOR PROFESSIONALS
